

Organization name: Amazon Web Services

Problem Statement : Tourism simplified through voice

PS Number: AN317

Team Name : Decoder

Team Leader Name : Utkarsh Naik

Team Members: Debashish Choudhury, Ali Mustafa
Shaikh, Tejal Tandel, Anagha Devade, Charandeep Singh

Proposed Solution

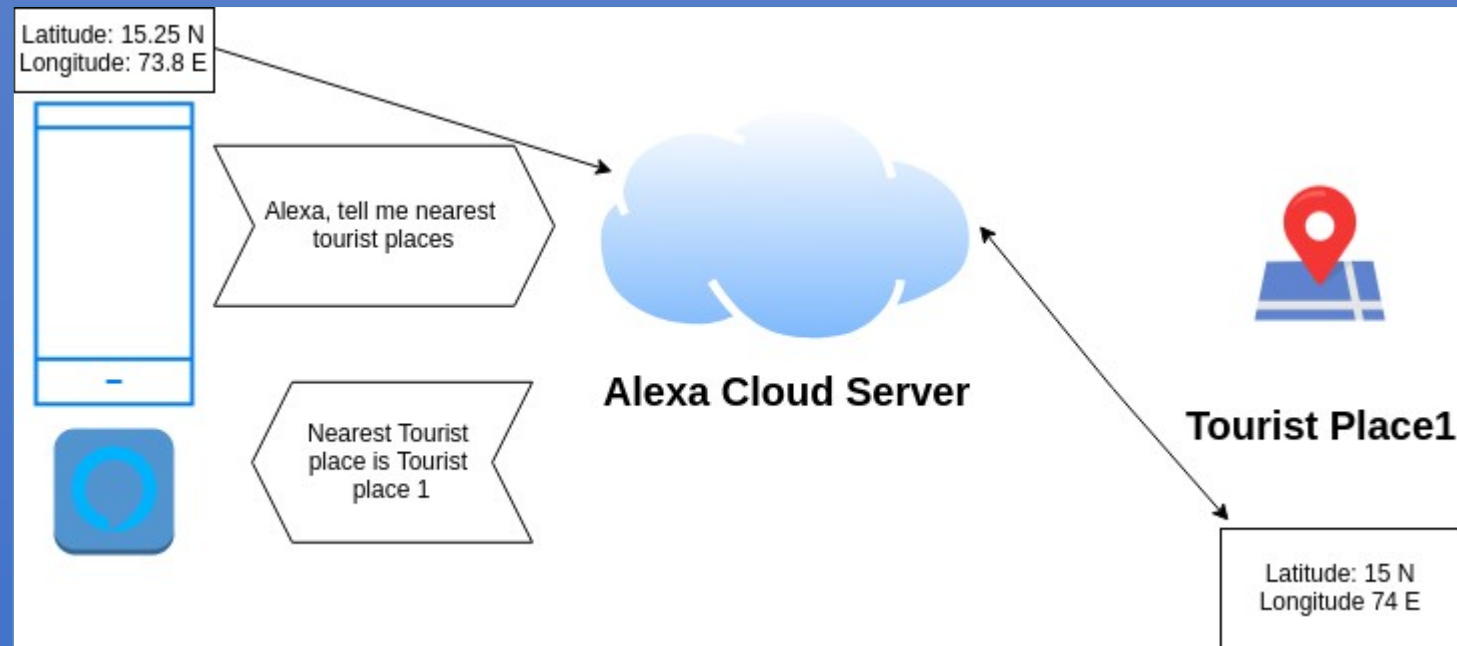

We intend to develop an Alexa skill for Tourism with the following features:

- Voice navigation and guidance at tourist places as well as public transport hubs.
- SOS and emergency support solutions.
- Crowdsourcing reviews, information and tips.
- Assisting Physically Challenged and senior citizens.
- Making essential information available in Hindi.
- Guidance about government policies, rules, visa, etc.
- Recommendations on season to visit and must-visit places.

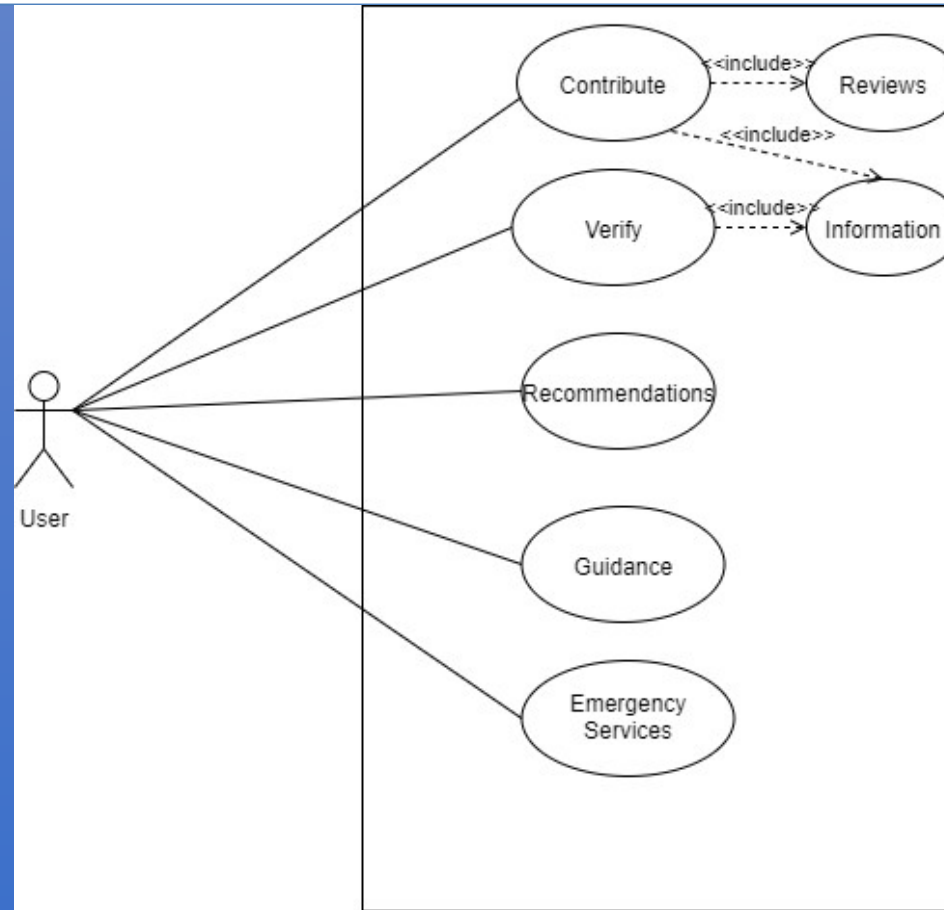

Technology Stack

Example of Alexa service

Use Case

Showstoppers

- Internet is required.
- Lack of Regional language support except Hindi.
- May misunderstand words in different accents

THANK YOU !!
